

## Appendix One: GIPA2020/05 – released set of information

*Summary of request:* Payments received by three UTS faculties from NSW Government departments and agencies, during 2015-2019, including date, amount, purpose, funding type, source, and destination.

In considering the data released below:

- Date reflected here is taken from UTS financial data and may be either date received, invoiced, or transferred internally to the recipient area.
- Net amount is exclusive of GST and in Australian currency.
- Purpose is as recorded against the payment in our financial system.
- Funding type is as recorded against the payment in our financial system.
- Source is reflective of the NSW Government department or agency involved at the time the payment was made or requested. This may not be reflective of the current NSW Government department or agency involved or consulted under this access application, given government restructures that have occurred during the 2015-2019 period.
- Destination refers to one of the following three faculties of UTS:
  - Business, being the UTS Business School
  - DAB, being the Faculty of Design, Architecture and Building
  - FEIT, being the Faculty of Engineering and IT.
- Project details is released in addition to the 6 data elements requested, as additional information under section 76 of the GIPA Act, to provide some context to the payments made, where it is possible to do so and based on consultation with external third parties.
