

## **HONOURS SUPPLEMENTARY APPLICATION FORM**

Bachelor of Science (Honours) in Information Technology (C09019)

Please complete this form and attach it to your [online application](#).

### **Admission requirements**

Applicants are required to have completed a bachelor's degree in information technology, equivalent to the UTS Bachelor of Science in Information Technology ([C10148](#)), with a minimum weighted average mark of 65. Admission is subject to the approval of the honours program coordinator and is dependent on the availability of appropriate academic supervision within the University.

### **Why do we need this form?**

The objective of this 'supplementary' form is to enable the Faculty of Engineering and Information Technology to make a judgement regarding the suitability of an applicant for the Honours program. Admission to the Honours program is not automatic. Your answers to the questions below allow us to estimate the extent of your present formal and informal knowledge of information technology and help us advise you of the best course structure to undertake if you meet our admission requirements.
