Note: The Senior Executive for 2021 is listed on page 5 of the [UTS Annual Report 2021](#). Some of these positions were not static during 2021, and as a result there were some acting roles and positions that were in place for only part of the year.

The data provided here is the contracted salary for all roles filled during 2021 and is provided as an annual contracted figure, not a pro-rata payment figure based upon length of tenure in an acting role.
