A close-up, vertical photograph of a book. The pages are yellowed with age and have a perforated metal cover. The lighting is warm, creating a golden glow. The text is slightly out of focus, emphasizing the texture and color of the book.

The Graduation Ceremony

The Graduation Ceremony is a celebration of the success of our graduates in fulfilling the requirements of their awards. Our ceremony observes many traditional elements and rituals representing continuity of generations of universities, but adapted in a way that reflects the culture and values that makes UTS such a special place. The attendance at a graduation ceremony has become a rite of passage for generations of students.

The Academic Procession signals the formal commencement of the UTS Graduation Ceremony. The procession comprises senior leaders, academic and professional staff of the University.

Observing the grand tradition of graduation ceremonies, many participants in the procession wear ceremonial regalia that represent the origins and diversity of their academic qualifications. The senior presiding officers, such as the Chancellor and Vice-Chancellor, wear robes designed specifically for UTS that symbolise their important leadership roles.

Acknowledgement of Country

UTS acknowledges the Gadigal people of the Eora Nation, the Boorooberongal people of the Dharug Nation, the Bidiagal people and the Gamaygal people, upon whose ancestral lands our university stands. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for these lands.

Belonging – The Graduation Music

In 2019, UTS commissioned the distinguished Australian composer, Nigel Westlake, to compose a new processional and a recessional that reflect the University's vibrancy and values. Both the processional and recessional are contemporary pieces that reflect the energy of the University.

UTS is still young by world standards and we embrace elements that reflect both the continuities of tradition from the evolution of universities and respect for many thousands of years of Indigenous knowledge.

The processional commences with the beautiful and evocative sounds of the Yigi Yigi (Western Yalanji language word for didgeridoo) by David Dahwurr Hudson. This immediately situates the location of the University on the land of First Australians, specifically the land of the Gadigal people of the Eora Nation where the UTS City Campus is located. First Australians have, for

thousands of years, nurtured their own traditions of knowledge acquisition and sharing. The processional piece then transitions to instrument orchestration that reflects the historical origins of our university structure. Finally, the Yigi Yigi can be heard in harmony with other instruments symbolising the coming together of two ancient traditions both rich in their celebration of learning, discovery and passing knowledge to the generations that follow.

Finally the recessional triumphantly marks the conclusion of the ceremony and the commencement of our graduates' transition to a new phase in their lives, taking with them the skills and attributes developed at UTS that will form critical pillars for future success.

The University of Technology Sydney would like to express its sincere appreciation to:

Nigel Westlake – Composer, musician, conductor

David Dahwurr Hudson – Yigi Yigi soloist, musician, artist, entertainer, presenter

Sydney Symphony Orchestra (SSO) conducted by Nigel Westlake

Co-creators with SSO:

Lachlan Carrick
Recording & mixing engineer

Jessica Wells
Recording producer

Chancellor's Message

Congratulations!

Your graduation is one of the most important moments in your life. Finishing a degree or diploma is a major achievement and we do not underestimate the hard work and sacrifices that you have made in reaching that goal. It is also an important occasion for your family and friends who have given their support, love and understanding during your studies.

Graduations are important times for everyone associated with them – both graduates and the wider university. For many, it is the start of careers; for others, part of the career development path. It brings status and rewards, and builds capabilities and new skills. Graduation brings with it both opportunities and obligations; opportunities to enter professional fields and obligations to contribute to the society that has supported you.

The opportunities that you face have never been greater. The workplace is more diverse than it has ever been, and ever increasing international opportunities mean that many of you will live and work in countries other than those in which you were born.

Conversely, the challenges in the workplace have never been greater.

Scrutiny and the expectations of society are already high and continue to grow. The future will depend upon knowledge being used constructively in the best interests of the current and future generations. It is knowledge, ideas and skills that will ensure a better society and living standards for all.

UTS graduates are held in high esteem by employers, not only because of the quality of the education that they have received but also because of its practical nature. Employers recognise, in UTS graduates, key characteristics including adaptability and flexibility in dealing with work and also workplace issues.

I am sure that UTS graduates will be able to deal with those ethical dilemmas that may arise in their workplaces. Make yourselves, your families and your university proud by maintaining the highest professional and ethical standards.

Your relationship with UTS does not end today. In many ways, it is just beginning. Today we welcome you to the UTS alumni community; a powerful and extensive global network of creative and innovative UTS graduates making their mark on the world. I encourage you to utilise the exclusive benefits your membership of this community delivers, and to continue to stay involved with UTS.

On behalf of all of UTS, I congratulate you, and wish you every success in applying the skills and knowledge that you have gained from one of Australia's finest universities.

Best wishes,

Catherine Livingstone AC
Chancellor

Vice-Chancellor's Message

On behalf of the UTS community, congratulations to all of our graduates. Graduating with a degree from university is a significant milestone and one you should be very proud of. I hope you continue your thirst for knowledge, discovery and innovation as you commence or continue your career journey. As a valued member of the global UTS alumni community we look forward to supporting and engaging with you as a leader who will shape the future of our society.

Kind regards,

Andrew Parfitt
Vice-Chancellor and President

Social Justice

As a public purpose institution, UTS is committed to driving social change within and beyond campus. Our social impact agenda focuses on research, education and practice from across the university to benefit people and communities. We are the first Australian university to formally set its own social impact agenda, through the Social Impact Framework.

The UTS Centre for Social Justice and Inclusion coordinates and implements the Social Impact Framework and maximises the capacity of UTS to deliver public benefit. Through the UTS Social Impact Framework, UTS will:

- Contribute to increased public good, social mobility and equity
- Support the creation of enabling environments for communities to thrive
- Positively influence and impact the public, the individual, and the systemic forces that shape justice

At the same time, the centre is pivotal in creating a culture at UTS that values social justice, impact and inclusion and ensures equal opportunity and access for everyone.

UTS Emblem

The UTS Emblem is a symbol that represents our history and commitment to technology, innovation and collaboration.

There are three components of the UTS Emblem:

- The anchor from the City of Sydney coat of arms
- The Double Helix inspired by the DNA molecule
- Three waves representing Sydney's maritime location

The top of the Emblem is drawn from the anchor on the City of Sydney coat of arms. It represents a historical tradition of discovery and exploration, and reinforces our close ties with government, commerce and industry.

This section of the Emblem represents a DNA molecule, the basic building block of life itself. For UTS this is strongly symbolic of our innovative, technological and collaborative character. The interlinking sections also represent the flow of ideas and collaboration between faculties, disciplines, students and industry.

The wave element at the base of the Emblem is symbolic of Sydney's maritime location. The three-part wave formation represents equality and strength in unity.

Academic Regalia

Ceremonial Mace and Staff

Originally a weapon of offence, the mace took on a ceremonial function in the sixteenth century. At UTS, it represents a medieval battle tradition, the Chancellor's authority and the good name of the University. The mace was a gift to the inaugural UTS Council by the New South Wales Department of Technical and Further Education to mark the establishment of UTS in 1988. Made of silver and titanium it represents the blend of traditional and modern technology, and its most prominent design feature is a double helix, the code of life.

The staff was gifted to UTS by the UTS Alumni Association in 1994. It is made of silver and Australian jarrah and also symbolises authority.

Academic Dress

The academic gowns worn today have their origins in the costumes of twelfth century Europe. The trencher (hat) grew out of the pileus worn at Oxford and Cambridge universities around the seventeenth century. The festal gowns worn by the Chancellor, Deputy Chancellor, Pro-Chancellors and Vice-Chancellor are based on traditional British gowns, but contain embroidered Australian wattle (*acacia pycnantha*), Australia's national flower.

Other professional and academic staff in the procession wear the gowns that commensurate with the highest level of award they have earned. Often their gowns are from other universities in Australia or abroad, adding to the variety of each UTS ceremony.

Graduate Dress

UTS graduates wear black gowns in the Cambridge style but their hoods are unique to the university. The number and colour of the bands on the edge of the lining designate each graduate's faculty level of the award. Sashes and inserts are worn by undergraduate, associate diploma, and double degree recipients. All graduates wear a black trencher cap (also referred to as a mortarboard).

UTS Hood Colours

Creative Intelligence and Innovation Sash

Bachelor of Creative Intelligence and Innovation

This sash represents students who have completed a combined degree, which includes the Bachelor of Creative Intelligence and Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Innovation Sash

Diploma in Innovation

This sash represents students who have completed a combined degree, which includes the Diploma in Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Indigenous Sash

Aboriginal

Torres Strait Islander

Our Indigenous graduates wear sashes at graduation to proudly celebrate their identity and ancient cultural heritage alongside their academic achievement. The sashes are based upon the colours of the Aboriginal flag and the Torres Strait Islander flag – both are official flags of Australia.

International Studies Insert

Bachelor of Arts in International Studies

The light grey insert signifies the Bachelor of Arts in International Studies which is part of a double degree. The hood colour reflects the second degree from one of the 25 core UTS undergraduate degrees.

PhD Gown and Bonnet

PhD Gown (left) and Bonnet (right)

The PhD (Doctor of Philosophy) is a University-wide degree that involves an intense period of supervised study and research. The degree of Doctor of Philosophy is awarded to successful candidates who have made a distinct contribution to knowledge, whether by original investigation, review or criticism. Doctoral graduates wear a black bonnet.

Honorary Awards

Honorary Doctors

Fellow of the University

UTS confers honorary awards and titles on people who have contributed to the achievement of the university's vision and objectives, to scholarship or professional practice, or to the advancement of society in Australia or overseas. Following are the three awards which are conferred at a Graduation ceremony:

- Honorary Doctors
- Fellow of the University
- UTS Distinguished Service Award (no regalia)

Academic Documentation

Testamur, Academic Transcript and Australian Higher Education Graduate Statement

TESTAMUR

The UTS Testamur (referred to at some institutions as a 'certificate') is produced under secure conditions with the utmost care to ensure graduates receive a document of presentation quality worthy of framing. It is both an official document of the university and a keepsake.

ACADEMIC TRANSCRIPT

Like the Testamur, the Academic Transcript is also an official document of the university produced under secure conditions. Unlike the Testamur, the Academic Transcript is frequently sought by prospective employers and other higher education institutions as evidence of a graduate's academic achievements while at UTS. It details the name of the degree awarded, the subjects undertaken, the marks and grades earned and the calculated Grade Point Average (GPA). The reverse of the document provides information about reading and interpreting the information detailed on the Academic Transcript.

AUSTRALIAN HIGHER EDUCATION GRADUATION STATEMENT

The Australian Higher Education Graduation Statement (AHEGS) was introduced by the Commonwealth in 2010 to make Australian qualifications recognised and renowned throughout the world.

Like the Academic Transcript, the AHEGS details academic performance, which provides potential employers and other institutions with a greater understanding of the achievements of each graduate. However, unlike the Academic Transcript, the AHEGS also includes many of a graduate's extracurricular achievements, such as scholarships and prizes won, elected offices held (e.g. elected student representative on UTS Council), and participation in leadership programs such as Beyond UTS International Leadership Development (BUILD).

MY EQUALS

UTS provides all graduates with a printed copy of their Testamur at graduation ceremonies and digital copies of all three official academic documents soon after conferral (prior to graduation ceremonies) via My eEquals. Graduates register with My eEquals and, when their documentation becomes available, they can easily and securely share their certified digital copies with prospective employers, universities to which they apply for graduate studies, etc.

For more information about academic documentation visit the UTS website (uts.edu.au) and search for 'student records'. To register with My eEquals, visit myequals.edu.au.

Honorary Awards

Kate Grenville AO

Doctor of Letters

Dr Kate Grenville AO is one of Australia's best-known authors who has shown incredible craft and dedication to her work over her career. Her writing tackles critical themes such as sustainability, environmental conflict and social justice through historical research, showcasing her academic approach to the field of creative arts. Bringing together arts, history and science, Dr Grenville continues to inspire a new generation of creative professionals through her outstanding work in Australian literature and contributions to UTS.

Jess Hill

Doctor of Letters

Jess Hill is an award-winning Australian investigative journalist, author and speaker. Focusing on social issues and gendered violence, her work has made a significant impact on how domestic, sexual and family violence and coercive control is viewed and understood in Australia. Her first book and documentary series *See What You Made Me Do* presented groundbreaking insights into the lives of victims of domestic abuse in Australia, while the follow-up series *Asking For It* explored sexual violence and the role of consent, respect and power. A campaigner for change and advocate for education, Ms Hill is leading the way toward systemic change in our society.

Jill McKeough AO

Doctor of Laws

Emeritus Professor Jill McKeough AO is a leading thinker and voice in the legal profession, legal higher education sector, and intellectual property and copyright law in Australia. Her leadership in the UTS Faculty of Law has brought fundamental strategic and cultural change, raising its external profile to become one of the top law faculties in Australia. She has shaped requirements for Australian legal standards and law student and lawyer values, the agenda for copyright law debates and the legal protection of ideas, innovations and artistic works.

Patricia Turner AM

Doctor of Business

With an illustrious career spanning over 40 years, Ms Patricia Turner AM has made significant contributions to public service and Indigenous self-determination. As the highest appointed Indigenous woman in public service, Ms Turner has promoted equity and diversity across the sector and in the wider community. Her work has continued into retirement through various leadership and advisory positions for organisations including the National Indigenous Television and the Coalition of Aboriginal and Torres Strait Islander Peak Organisations. Today, she continues to share her vast knowledge and experience through her work as an Honorary Adjunct Professor in the Research Unit of Jumbunna Institute for Indigenous Education and Research at UTS.

Jim White

Fellow of the University

Mr Jim White is the Senior Vice President Human Resources at Paramount Pictures, a passionate philanthropist and highly engaged UTS graduate. Joining Paramount in 2007, he was exposed to Los Angeles's homelessness epidemic and began work with various charities to find and implement practical solutions to the housing crisis. A passionate mentor for UTS students and graduates trying to navigate a career in the entertainment industry, he was awarded the UTS International Alumni Award in 2019, and is the current Chair of the UTS North America Advisory Board.

The beginning of a journey of connection and lifelong learning

You've just taken a giant leap from life as a UTS student to a new beginning as a UTS graduate. Today you join a worldwide community of over 280,000 UTS alumni, connected to the thousands of UTS graduates who've come before you, and many more who will graduate in the future.

During your years of learning and discovery at UTS you have achieved educational goals and formed enduring friendships. Your UTS experience, whether it has been on-campus or online, will continue to shape the amazing person and professional that you become. We hope that the foundation you have built through your time at UTS will lead you to a future of lifelong learning.

We encourage you to take advantage of the many benefits of staying connected with UTS and your global alumni community. Whether it's through networking events, mentorship, professional connections or continuing education programs, there are many ways to stay involved and engaged. We look forward to staying in contact, to hearing about your accomplishments and to supporting your professional path.

Countless opportunities await you. As you move forward in life, we encourage you to continue to pursue your dreams, to be passionate about your pursuits, and perhaps above all, to make a positive impact in the world.

You have earned the title of UTS Alumni and we hope that you will wear it proudly. Whatever stage in your career and no matter the distances you travel, you will remain a lifetime member of the UTS community.

Best Wishes,

UTS Advancement

Chancellor's Award and List

One of the most important missions of universities is the creation and dissemination of knowledge, through research and publication. UTS endeavours to foster a climate conducive to research of the highest order. To this end, the Chancellor's Award has been established to be given to the person who submits the outstanding PhD thesis each year. This award was established by the late Emeritus Professor Peter Johnson, the University's Foundation Chancellor. Those placed on the Chancellor's List are recognised for their achievement.

2023 Chancellor's Award Winner

Justine Sarah Hauser

Institute for Sustainable Futures

Doctor of Philosophy

DOCTOR OF PHILOSOPHY

Andrea Jean Turner

*Thesis: Transitioning Urban
Organics: From Waste Management
to Integrated Resource Planning
Using Insights from the Water Sector*

Samuel Claude Wearne

*Thesis: Dynamics of Place
& Discourse Empirical,
methodological, and theoretical
research into socio-cultural
transformations toward
sustainability*

Disclaimer

This graduation program includes awards conferred from 15 May 2024 until 4 September 2024, for new graduates being included in the 2024 Spring graduation season. Graduates who are attending the Spring season, but whose awards were conferred prior to this period should refer to the program relevant to their conferral period.

This information is correct as of 1 October 2024. Changes in circumstances on or after this date may impact on the accuracy or currency of this information. The University takes all due care to ensure that the information contained here is accurate, but reserves the right to vary information that is published without notice.

This document is for ceremonial purposes and is not intended to confirm qualifications. For verification of qualifications, please refer to the UTS service information here:

<https://web-tools.uts.edu.au/qualifications>

Graduates are listed according to the Faculty of their highest award. Graduate Certificates, Diplomas, Associate Diplomas and Undergraduate Certificates are not shown unless accompanied by a degree or graduate diploma.
