

## 2026 Law Subject Guide

### Study Abroad and Exchange

Study Abroad and Exchange students may choose subjects from more than one faculty at UTS.

You can also search for other subjects and majors using the [UTS Handbook](#) and [UTS Law website](#).

Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects. Final enrolment into subjects is conditional upon class availability and completion of the online enrolment process.

### When can I study?

Study Abroad and Exchange is available:

Period	Category
February – July	<b>A:</b> Autumn Session

Period	Category
August - December	<b>S:</b> Spring Session

**Please note:** Some of the subjects you want to undertake from the list may not be available in your intake session. To confirm subject availability, please search the relevant subject codes in the [UTS Timetable Planner](#).

In the Timetable Planner, "AUT" refers to Autumn Session, and "SPR" refers to Spring session.

### What can I study?

#### Pre-approved subject list

This is a great place to start! All subjects in this list are:

- **Pre-approved** and automatically added in your study plan
- You can **self-enrol** once you activate your student account
- No need to include them in your application
- **No additional subject assessments** required
- You can even choose subjects **outside your study area**, as long as it's permitted by your home university

#### Faculty assessed subjects

All subjects from this list require prior knowledge. You will need to:

- List the subjects in your application
- Check prerequisites in the [UTS Handbook](#)
- Demonstrate that you have the prior skills and knowledge necessary to undertake the subject (academic transcript and subject outline)
- Please note that while no subject is guaranteed, subjects that fall within [CBK90923 Options \(Legal Theory UG\)](#) are more likely to be rejected, as there are few options and UTS students require this to complete their degree

**Note:** Each subject will be individually assessed by the faculty for approval and it can take up to 6 weeks for an outcome.
