

2026 TD School Subject Guide

Study Abroad and Exchange

Study Abroad and Exchange students may choose subjects from more than one faculty at UTS.

This guide highlights our most popular Transdisciplinary Innovation (TDI) subjects. You can also search for other subjects and majors using the [UTS Handbook](#) and [UTS TD School website](#).

Subjects offered in other faculties may carry different credit point values. Be mindful of this when choosing your subjects. Final enrolment into subjects is conditional upon class availabilities and completion of the online enrolment process.

When can I study?

Study Abroad and Exchange is available:

Period	Category
February – June	A: Autumn Session

Period	Category
July – November	S: Spring Session

Please note: Some of the subjects you want to undertake from the list may not be available in your intake session. To confirm subject availability, please search the relevant subject codes in the [UTS Timetable Planner](#).

In the Timetable Planner, "AUT" refers to Autumn Session, and "SPR" refers to Spring session.

What can I study?

Pre-approved subject list

This is a great place to start! All subjects in this list are:

- **Pre-approved** and automatically added in your study plan
- You can **self-enrol** once you activate your student account
- No need to include them in your application
- **No additional subject assessments** required
- You can even choose subjects outside your study area, as long as it's permitted by your home university

Faculty assessed subjects

All subjects from this list require prior knowledge. You will need to:

- List the subjects in your application
- Check prerequisites in the [UTS Handbook](#)
- Demonstrate that you have the prior skills and knowledge necessary to undertake the subject (academic transcript and subject outline)

Note: Each subject will be individually assessed by the faculty for approval and it can take up to 6 weeks.

Faculty assessed subjects

Key: (Information included: Subject Number, Subject Name, Level and Session offered)

- **L1** (Level 1) Usually undertaken in first year (similar to 100 level, introductory level)
- **L2** (Level 2) Usually undertaken in second year (similar to 200 level, prior knowledge is required)

Postgraduate Subjects

- Students with no prior TDI background should start with the [pre-approved subject list](#).
- Undergraduate students are not permitted to study postgraduate subjects.
- Students who want to complete a subject listed in a session outside of Autumn or Spring (such as June/July) will need to contact the Study Abroad and Exchange team.
- Block mode subjects involve an intensive period of study, in classes scheduled over one or more weeks of the teaching period.

Level 2 (approval needed based on previous study experience)

Important Notes:

- Students who want to complete a subject listed in a session outside of Autumn or Spring (such as June/July) will need to contact the Study Abroad and Exchange team
- Block mode subjects involve an intensive period of study, in classes scheduled over one or more weeks of the teaching period

Postgraduate Subjects

36101	Machine Learning Algorithms and Applications	Spring Session
36118	Applied Natural Language Processing	Autumn and Spring session
94691	Deep Learning	Autumn Session
