The Graduation Ceremony

The Graduation Ceremony is a celebration of the success of our graduates in fulfilling the requirements of their awards. Our ceremony observes many traditional elements and rituals representing continuity of generations of universities, but adapted in a way that reflects the culture and values that makes UTS such a special place. The attendance at a graduation ceremony has become a rite of passage for generations of students.

The Academic Procession signals the formal commencement of the UTS Graduation Ceremony. The procession comprises senior leaders, academic and professional staff of the University.

Observing the grand tradition of graduation ceremonies, many participants in the procession wear ceremonial regalia that represent the origins and diversity of their academic qualifications. The senior presiding officers, such as the Chancellor and Vice-Chancellor, wear robes designed specifically for UTS that symbolise their important leadership roles.

Acknowledgement of Country

UTS acknowledges the Gadigal people of the Eora Nation, the Boorooberongal people of the Dharug Nation, the Bidiagal people and the Gamaygal people, upon whose ancestral lands our university stands. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for these lands.

Belonging – The Graduation Music

In 2019, UTS commissioned the distinguished Australian composer, Nigel Westlake, to compose a new processional and a recessional that reflect the University's vibrancy and values. Both the processional and recessional are contemporary pieces that reflect the energy of the University.

UTS is still young by world standards and we embrace elements that reflect both the continuities of tradition from the evolution of universities and respect for many thousands of years of Indigenous knowledge.

The processional commences with the beautiful and evocative sounds of the Yigi Yigi (Western Yalanji language word for didgeridoo) by David Dahwurr Hudson. This immediately situates the location of the University on the land of First Australians, specifically the land of the Gadigal people of the Eora Nation where the UTS City Campus is located. First Australians have, for

thousands of years, nurtured their own traditions of knowledge acquisition and sharing. The processional piece then transitions to instrument orchestration that reflects the historical origins of our university structure. Finally, the Yigi Yigi can be heard in harmony with other instruments symbolising the coming together of two ancient traditions both rich in their celebration of learning, discovery and passing knowledge to the generations that follow.

Finally the recessional triumphantly marks the conclusion of the ceremony and the commencement of our graduates' transition to a new phase in their lives, taking with them the skills and attributes developed at UTS that will form critical pillars for future success.

The University of Technology Sydney would like to express its sincere appreciation to:

Nigel Westlake – Composer, musician, conductor

David Dahwurr Hudson – Yigi Yigi soloist, musician, artist, entertainer, presenter

Chancellor's Message

Congratulations!

Your graduation is one of the most important moments in your life. Finishing a degree or diploma is a major achievement and we do not underestimate the hard work and sacrifices that you have made in reaching that goal. It is also an important occasion for your family and friends who have given their support, love and understanding during your studies.

Graduations are important times for everyone associated with them – both graduates and the wider university. For many it is the start of careers; for others, part of the career development path. It brings status and rewards, and builds capabilities and new skills. Graduation brings with it both opportunities and obligations; opportunities to enter professional fields and obligations to contribute to the society that has supported you.

The opportunities that you face have never been greater. The workplace is more diversified than it has ever been, and ever increasing international opportunities mean that many of you will live and work in countries other than those in which you were born. Conversely, the challenges in the workplace have never been greater.

Scrutiny and the expectations of society are already high and continue to grow. The future will depend upon knowledge being used constructively in the best interests of the current and future generations. It is knowledge, ideas and skills which will ensure a better society and living standards for all.

UTS graduates are held in high esteem by employers, not only because of the quality of the education that they have received but also because of its practical nature. Employers recognise, in UTS graduates, key characteristics including adaptability and flexibility in dealing with work and also workplace issues.

It is a great challenge for graduates today to achieve a balance between the commercial imperatives required by their employers, and the professional pride that is essential if the integrity and true worth of their work is to be maintained. I am sure that UTS graduates will be able to deal with those ethical dilemmas that may arise in their workplaces. Make yourselves, your families and your university proud by maintaining the highest professional and ethical standards.

Your relationship with UTS does not end today. In many ways, it is just beginning. Today we welcome you to the UTS alumni community; a powerful and extensive global network of creative and innovative UTS graduates making their mark on the world. I encourage you to utilise the exclusive benefits your membership of this community delivers, and to continue to stay involved with UTS.

On behalf of all of UTS, I congratulate you, and wish you every success in applying the skills and knowledge that you have gained from one of Australia's finest universities.

Best wishes,

Catherine Livingstone AO
Chancellor

Vice-Chancellor's Message

On behalf of the UTS community, congratulations to all of our graduates. Graduating with a degree from university is a significant milestone and one you should be very proud of. I hope you continue your thirst for knowledge, discovery and innovation as you commence or continue your career journey. As a valued member of the global UTS alumni community we look forward to supporting and engaging with you as a leader who will shape the future of our society.

Kind Regards,

Andrew Parfitt
Vice-Chancellor and President

Social Justice

As a public purpose institution, UTS is committed to driving social change within and beyond campus. Our social impact agenda focuses on research, education and practice from across the university to benefit people and communities. We are the first Australian university to formally set its own social impact agenda, through the Social Impact Framework.

The UTS Centre for Social Justice and Inclusion coordinates and implements the Social Impact Framework and maximises the capacity of UTS to deliver public benefit. Through the UTS Social Impact Framework, UTS will:

- Contribute to increased public good, social mobility and equity
- Support the creation of enabling environments for communities to thrive
- Positively influence and impact the public, the individual, and the systemic forces that shape justice

At the same time, the centre is pivotal in creating a culture at UTS that values social justice, impact and inclusion and ensures equal opportunity and access for everyone.

UTS Emblem

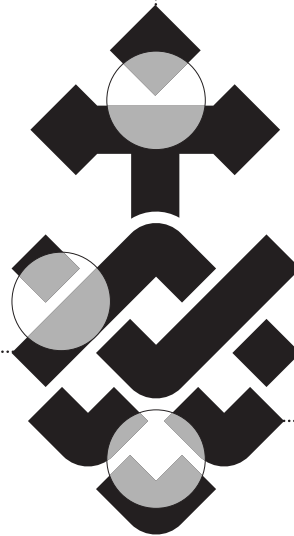

The UTS Emblem is a symbol that represents our history and commitment to technology, innovation and collaboration.

There are three components of the UTS Emblem:

- The anchor from the City of Sydney coat of arms
- The Double Helix inspired by the DNA molecule
- Three waves representing Sydney's maritime location

The top of the Emblem is drawn from the anchor on the City of Sydney coat of arms. It represents a historical tradition of discovery and exploration, and reinforces our close ties with government, commerce and industry.

This section of the Emblem represents a DNA molecule, the basic building block of life itself. For UTS this is strongly symbolic of our innovative, technological and collaborative character. The interlinking sections also represent the flow of ideas and collaboration between faculties, disciplines, students and industry.

The wave element at the base of the Emblem is symbolic of Sydney's maritime location. The three-part wave formation represents equality and strength in unity.

Academic Regalia

Ceremonial Mace and Staff

Originally a weapon of offence, the mace took on a ceremonial function in the sixteenth century. At UTS, it represents a medieval battle tradition, the Chancellor's authority and the good name of the University. The mace was a gift to the inaugural UTS Council by the New South Wales Department of Technical and Further Education to mark the establishment of UTS in 1988. Made of silver and titanium it represents the blend of traditional and modern technology, and its most prominent design feature is a double helix, the code of life.

The staff was gifted to UTS by the UTS Alumni Association in 1994. It is made of silver and Australian jarrah and also symbolises authority.

Academic Dress

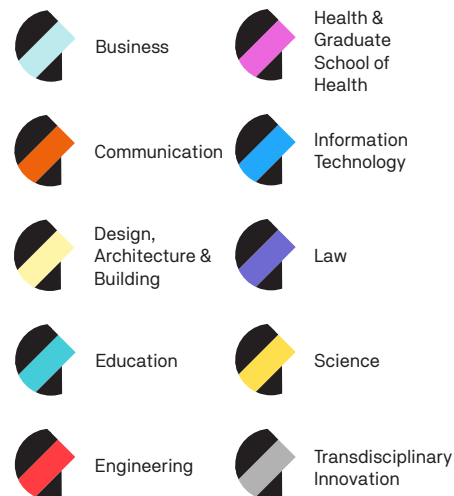

The academic gowns worn today have their origins in the costumes of twelfth century Europe. The trencher (hat) grew out of the pileus worn at Oxford and Cambridge universities around the seventeenth century. The festal gowns worn by the Chancellor, Deputy Chancellor, Pro-Chancellors and Vice-Chancellor are based on traditional British gowns, but contain embroidered Australian wattle (*acacia pycnantha*), Australia's national flower.

Other professional and academic staff in the procession wear the gowns that commensurate with the highest level of award they have earned. Often their gowns are from other universities in Australia or abroad, adding to the variety of each UTS ceremony.

Graduate Dress

UTS graduates wear black gowns in the Cambridge style but their hoods are unique to the university. The number and colour of the bands on the edge of the lining designate each graduate's faculty level of the award. Sashes and inserts are worn by undergraduate, associate diploma, and double degree recipients. All graduates wear a black trencher cap (also referred to as a mortarboard).

UTS Hood Colours

Creative Intelligence and Innovation Sash

Bachelor of Creative Intelligence and Innovation

This sash represents students who have completed a combined degree, which includes the Bachelor of Creative Intelligence and Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Innovation Sash

Diploma in Innovation

This sash represents students who have completed a combined degree, which includes the Diploma in Innovation, and one of the 25 core UTS undergraduate degrees. The colour of the sash corresponds with that of the Faculty of Transdisciplinary Innovation.

Indigenous Sash

Aboriginal

Torres Strait Islander

Our Indigenous graduates wear sashes at graduation to proudly celebrate their identity and ancient cultural heritage alongside their academic achievement. The sashes are based upon the colours of the Aboriginal flag and the Torres Strait Islander flag – both are official flags of Australia.

International Studies Insert

Bachelor of Arts in International Studies

The light grey insert signifies the Bachelor of Arts in International Studies which is part of a double degree. The hood colour reflects the second degree from one of the 25 core UTS undergraduate degrees.

PhD Gown and Bonnet

PhD Gown (left) and Bonnet (right)

The PhD (Doctor of Philosophy) is a University-wide degree that involves an intense period of supervised study and research. The degree of Doctor of Philosophy is awarded to successful candidates who have made a distinct contribution to knowledge, whether by original investigation, review or criticism. Doctoral graduates wear a black bonnet.

Honorary Awards

Honorary Doctors

Fellow of the University

UTS confers honorary awards and titles on people who have contributed to the achievement of the university's vision and objectives, to scholarship or professional practice, or to the advancement of society in Australia or overseas. Following are the three awards which are conferred at a Graduation ceremony:

- Honorary Doctors
- Fellow of the University
- UTS Distinguished Service Award (no regalia)

Academic Documentation

Testamur, Academic Transcript and Australian Higher Education Graduate Statement

TESTAMUR

The UTS Testamur (referred to at some institutions as a 'certificate') is produced under secure conditions with the utmost care to ensure graduates receive a document of presentation quality worthy of framing. It is both an official document of the university and a keepsake.

ACADEMIC TRANSCRIPT

Like the Testamur, the Academic Transcript is also an official document of the university produced under secure conditions. Unlike the Testamur, the Academic Transcript is frequently sought by prospective employers and other higher education institutions as evidence of a graduate's academic achievements while at UTS. It details the name of the degree awarded, the subjects undertaken, the marks and grades earned and the calculated Grade Point Average (GPA). The reverse of the document provides information about reading and interpreting the information detailed on the Academic Transcript.

AUSTRALIAN HIGHER EDUCATION GRADUATION STATEMENT

The Australian Higher Education Graduation Statement (AHEGS) was introduced by the Commonwealth in 2010 to make Australian qualifications recognised and renowned throughout the world.

Like the Academic Transcript, the AHEGS details academic performance, which provides potential employers and other institutions with a greater understanding of the achievements of each graduate. However, unlike the Academic Transcript, the AHEGS also includes many of a graduate's extracurricular achievements, such as scholarships and prizes won, elected offices held (e.g. elected student representative on UTS Council), and participation in leadership programs such as Beyond UTS International Leadership Development (BUILD).

MY EQUALS

UTS provides all graduates with a printed copy of their Testamur at graduation ceremonies and digital copies of all three official academic documents soon after conferral (prior to graduation ceremonies) via My eEquals. Graduates register with My eEquals and, when their documentation becomes available, they can easily and securely share their certified digital copies with prospective employers, universities to which they apply for graduate studies, etc.

For more information about academic documentation visit the UTS website (uts.edu.au) and search for 'student records'. To register with My eEquals, visit myequals.edu.au.

Honorary Awards Autumn

Emeritus Professor Lesley Hitchens

Doctor of Laws

Emeritus Professor Lesley Hitchens has been a Professor of Law for more than 14 years, Dean of the UTS Faculty of Law for 8 years and acting UTS Provost from late 2021 until her retirement in early 2023. With a strong international reputation in her primary field of communications regulation, she is also widely recognised as an innovator in legal education and practice, is a published author and a Fellow of the Australian Academy of Law. Demonstrating outstanding leadership at UTS, Emeritus Professor Hitchens has improved the Faculty of Law's national and international standing by championing innovative teaching and learning, achieving a body of research above world standard, and exemplifying the university's commitment to social justice.

Tony Tobin

Doctor of Laws

Mr Tony Tobin's work over the past 50 years has enhanced the international reputation of the Australian legal profession. With his partner, Mr Tobin established one of Australia's leading law firms, Gilbert + Tobin, going on to employ over 800 staff and leading the provision of pro bono legal work in the country. Mr Tobin has contributed enormously to the UTS Council and its sub-committees since 2011. His insight and experience have had a significant impact on UTS's successes and achievements over this time.

Jeff Connolly

Doctor of Engineering

Mr Jeff Connolly is the Chief Executive Officer of Thales Australia and a well-regarded industry thought leader in the field of engineering and technology. He is a driving force in the development of the Fourth Industrial Revolution, known as Industry 4.0, in Australia and was appointed as the founding Chair of the then Prime Minister's Industry 4.0 Taskforce. He has made a significant impact through his involvement with government, industry and educational improvements toward this effort, including fostering invaluable partnerships and learning opportunities for students in the UTS Faculty of Engineering and Information Technology.

Richard White

Doctor of Technology

Mr Richard White is an Australian business leader and pioneer in technological sciences and engineering. He is Chief Executive Officer and Founder of WiseTech Global, an ASX listed company specialising in global logistics software. After completing his Master of Business in Information Technology Management at UTS, Mr White continued his relationship with the university through his considerable support and philanthropy, while also investing time and funding in community skills development and outreach, student scholarships, sponsorships and training. He is passionate about making a lasting and positive impact by supporting the next generation of Australian technologists.

Kim McKay AO

Doctor of Science

Ms Kim McKay AO is an Australian environmentalist, author, and business leader. She is currently the Director and Chief Executive Officer of the Australian Museum, the first woman to hold the position in the museum's history and has served in this role for the past nine years. She has had an international career in media, and social and sustainability marketing and communications spanning over 30 years both in Australia and in the USA. Ms McKay was appointed a member of the UTS Council in 2022.

Emeritus Professor Andrew Benjamin

Doctor of Design

Emeritus Professor Andrew Benjamin is a world-renowned scholar in the philosophy of aesthetics and architecture. His critical discourse has transformed the design philosophies that shape our modern communities, civic spaces and buildings. He has made a significant contribution to the discipline of architecture over the past 40 years, including through his teaching and research in the UTS Faculty of Design, Architecture and Building.

Peter Bennett

Fellow of the University

Mr Peter Bennett has over 40 years of experience in business and finance. Building an extensive skillset over a successful corporate career, he shared his expertise and insight as a board member for several companies and not-for-profit organisations. In 2022, he reached the maximum term of 12 consecutive years as a member of the UTS Council, having also served as Pro-Chancellor since 2020. His wise counsel and steady advice were invaluable to the university's senior leaders and UTS more broadly.

Maile Carnegie

Fellow of the University

Ms Maile Carnegie is a renowned senior business leader and current Group Executive Australia Retail at ANZ with over 30 years' experience in customer-centric innovation and design. She is recognised for her considerable contribution to the advancement of STEM principles in leadership and as a champion of women in technology, both in the broader business community and at UTS. Her belief in technology as a driver for innovation, advancement and transformation has been evident during her time as Chair of the UTS Vice-Chancellor's Industry Advisory Board, where her strategic guidance and thought-provoking insights were invaluable.

Margaret Connolly

Distinguished Service Award

Since joining UTS as a Divisional Executive Officer in 1999, Ms Margaret Connolly has demonstrated an outstanding level of service that has led to great impact during a period of significant change for the university and the wider higher education sector. In her support of many senior leaders, she has been a trusted collaborator and advisor, championing a passionate belief in the public purpose of universities. Showcasing diligence, integrity and extensive corporate knowledge for over two decades, Ms Connolly has worked behind the scenes to make a considerable difference, epitomising the UTS values of excellence and social justice.

Dr Ken Doyle

Distinguished Service Award

Dr Ken Doyle has made a significant contribution to UTS, and its predecessor the Ku-ring-gai College of Advanced Education, since the 1970s. He is recognised for his expertise and impact on higher education strategy, management and implementation both nationally and internationally. Dr Doyle has completed numerous consultancies with Australian universities and the Department of Foreign Affairs and Trade and is widely published in the area of higher education. At 86 years old, he is still the President of the Ku-ring-gai Staff Network. Dr Doyle is held in high esteem by his former colleagues and network associates.

Honorary Awards Spring

Emeritus Professor Michael McDaniel AO

Doctor of the University

Professor Michael McDaniel AO is a member of the Kalari Clan of the Wiradjuri Nation of Central New South Wales. Professor McDaniel has made significant contributions to UTS and the wider community during a distinguished career in Indigenous advocacy and higher education. Since re-joining UTS in 2010, he's been the chief architect of a university-wide approach to Indigenous education, research and employment, making a lasting impact on the lives of both students and staff. Professor McDaniel was honoured as the 2019 National NAIDOC Scholar of the Year and was appointed an Officer of the Order of Australia in 2021.

Emeritus Professor Liz Dennis AC

Doctor of Science

Dr Elizabeth (Liz) Dennis is an eminent Australian scientist in the field of plant molecular biology. Dr Dennis has received a host of appointments and accolades including a Companion of the Order of Australia, a CSIRO Fellow and the Prime Minister's Prize for Science; all testament to her distinguished contributions to her chosen field of research. In 2021 she was elected as a member to the United States National Academy of Science, one of the highest honours in the scientific community.

Emeritus Professor Martin Bean CBE

Doctor of Education

Professor Martin Bean CBE is a sought after thought leader in contemporary education. He is a champion of the pivotal role technology plays in democratising access to learning. Founder and CEO of The Bean Centre, he has held influential senior roles at universities in Australia and overseas, including Vice-Chancellor and President of RMIT University in Victoria, and Vice-Chancellor and President of The Open University in the United Kingdom. Throughout his career, Professor Bean has helped shape the future of learning with his focus on the transformative power of technology-led education to provide access for all.

Emeritus Professor Robin King

Doctor of Engineering

The late Emeritus Professor Robin King was an inspirational leader in Australia's engineering and education sectors. His longstanding dedication to the UTS Faculty of Engineering and Information Technology and the wider sector have made a lasting impact on the engineering profession in Australia. His passion for guiding innovative and diverse approaches to engineering education has positioned Australia as a leader in engineering practice.

Akira Isogawa

Doctor of Design

Mr Akira Isogawa is widely recognised as one of Australia's most influential fashion designers. With a highly successful career spanning over 30 years, Mr Isogawa is celebrated for his bold and contemporary designs, which showcase a true mastery of his craft. He shares his passion and expertise through his contributions to the arts and cultural sector, which includes mentoring the next generation of designers at UTS. He was the first recipient of the Australian Fashion Laureate Award, the subject of the first solo fashion and textiles exhibition by an Australian fashion designer at a major institution and continues to show collections in both Sydney and Paris to widespread acclaim.

Luca Belgiorno-Nettis AM

Fellow of the University

Luca Belgiorno-Nettis AM is a respected business leader and philanthropist. He is the Managing Director of Transfield Holdings and Principal at Prisma Investments, as well as the founder of The newDemocracy Foundation, a non-profit research organisation that is focused on political reform. He holds a Bachelor of Architecture from the University of New South Wales and a Graduate Diploma in Urban Estate Management from UTS. Luca was acknowledged in 2009 for his service to the arts and the community and awarded a Member of the Order of Australia (AM).

George Savvides AM

Fellow of the University

George Savvides AM has more than 30 years of management and board experience in Australian and New Zealand healthcare companies, government enterprises and not-for-profits. Former Managing Director of Medibank Private, and former chair of World Vision Australia and Macquarie University Hospital, he is the current Chair of the SBS Board of Directors. Mr Savvides is passionate about advocacy for healthcare sector reform, currently working with UTS to bring about meaningful change for the wider community through the UTS Ageing Research Collaborative (UARC). Mr Savvides was made a member of the Order of Australia (AM) in 2020 for his significant service to the community, to charitable groups and to business.

Steven Worrall

Fellow of the University

Steven Worrall is a renowned business leader and current Managing Director at Microsoft, with over 30 years' experience in the technology sector. He is recognised for his role in helping Australian businesses, institutions and government leverage technology, prepare for future needs in digital skills and training, and create a healthier and more inclusive workforce. He has also made significant contributions to UTS as a member of the Vice-Chancellor's Industry Advisory Board and through fostering strong partnerships that will positively shape the future of the education and technology sectors.

Distinguished Professor Larissa Behrendt AO

Distinguished Service Award

Distinguished Professor Larissa Behrendt AO is a Eualayai/ Gamillaroi woman, a highly respected and influential Indigenous leader and researcher, and an award-winning filmmaker, author and human rights advocate. Her extensive body of work has led to policy and law reform. At UTS, she has built an expert, world-class research team, served twice on the UTS Council and is currently Laureate Fellow at the Jumbunna Institute for Indigenous Education and Research at UTS. Professor Behrendt is an Officer of the Order of Australia, a Fellow of the Academy of the Social Sciences in Australia and a Foundation Fellow of the Australian Academy of Law.

Chancellor's Award and List

One of the most important missions of universities is the creation and dissemination of knowledge, through research and publication. UTS endeavours to foster a climate conducive to research of the highest order. To this end, the Chancellor's Award has been established to be given to the person who submits the outstanding PhD thesis each year. This award was established by the late Emeritus Professor Peter Johnson, the University's Foundation Chancellor. Those placed on the Chancellor's List are recognised for their achievement.

The beginning of a journey of connection and lifelong learning

You've just taken a giant leap from life as a UTS student to a new beginning as a UTS graduate. Today you join a worldwide community of over 270,000 UTS alumni, connected to the thousands of UTS graduates who've come before you, and many more who will graduate in the future.

During your years of learning and discovery at UTS you have achieved educational goals and formed enduring friendships. Your UTS experience, whether it has been on-campus or online, will continue to shape the amazing person and professional that you become. We hope that the foundation you have built through your time at UTS will lead you to a future of lifelong learning.

I encourage you to take advantage of the many benefits of staying connected with UTS and your global alumni community. Whether it's through networking events, mentorship, professional connections or continuing education programs, there are many ways to stay involved and engaged. We look forward to staying in contact, to hearing about your accomplishments and to supporting your professional path.

Countless opportunities await you. As you move forward in life, I encourage you to continue to pursue your dreams, to be passionate about your pursuits, and perhaps above all, to make a positive impact in the world.

You have earned the title of UTS Alumni and I hope that you will wear it proudly. Whatever stage in your career and no matter the distances you travel, you will remain a lifetime member of the UTS community.

DOCTOR OF PHILOSOPHY

DOCTOR OF PHILOSOPHY

Farhana Afroz

Thesis: Energy-Efficient MAC Protocols In Wireless Sensor Networks (WSNs)

Foez AHMED

Thesis: Near-Field Metallic Metasurfaces for High-Performance Antenna Systems

Husam Abdulrasool Hammadeh Al-Najjar

Thesis: A Novel Approach by Integrating Physically and Machine Learning-based Models for Landslide Susceptibility Assessment

Roumani Alabd

Thesis: Treatment Planning for Manifold Multi-ion Particle Therapy

Mekhled Alharbi

Thesis: Intelligent Approaches for Robust Blockchain-based Identity Management

Rania Alhazmi

Thesis: Intelligent Blockchain Group-based Methodology for Renewable Energy Trading for Local Communities

Mehrnaz Alibeikloo

Thesis: Risk Assessment and Reliability Analysis on Long-term Settlement of Soft Soils

Areej Fahad A Alqahtani

Thesis: Harnessing the Power of Design Thinking for Open Innovation

Mohammed Alqahtani

Thesis: A Conceptual Framework

for Enhancing Information Security Compliance Behaviours in E-Government in Saudi Arabia

Idrees Nasser A Alsolbi

Thesis: Leveraging Potentials of Big Data for Better Decision-Making and Value Creation in Nonprofit Organizations

Abdulrahman Alyami

Thesis: Knowledge Development, Technology and Quality of Experience in Collaborative Learning Environments

Yang An

Thesis: Development of advanced machine learning based EEG robot for disabled people

Abdulrahman Ghulam A ANDIJANI

Thesis: Investigating the Factors That Influence Purchase Intention and Use of Social Commerce Across Different Age Groups

Madiha Anjum

Thesis: Understanding, Formalizing and Reconstructing Mental Models Through an Online Tool for Serious Discussions

Joseph Arivalagan

Thesis: Track Substructure Inclusions for Reducing the Risk of Mud Pumping in Heavy Haul Tracks

Sepehr Ashtarinakhaei

Thesis: Knowledge-Defined Routing Strategies for Next Generation Wireless Networks

Haitham Assiri

Thesis: Design and Implementation of A Secure and Efficient

E-Governance Model Using Blockchain For Developed Country.

Thazin Win Win AUNG

Thesis: Multi-triage : A Multi-Task Learning Approach to Bug Triaging

Arinta Primandini Auza

Thesis: Query Algorithms for Graph Connectivity and st-Minimum Cut

Ali Azizivahed

Thesis: Energy Management in Reconfigurable Distribution Network Incorporating Renewable Energy Resources and Storage

Xin BA

Thesis: Equivalent Circuit Models of the Permanent Magnet Synchronous Motor With Predictable Core Loss

Elena Bakhanova

Thesis: Gamification of Participatory Modeling: Towards Creating a More Engaging Process for Stakeholders

Salam Bakly

Thesis: Developing an Integrated UF-FO Module for Desalination Processes

Reza Barzegarkho

Thesis: Transformer-less Grid-Tied AC Module Systems Suitable for Single-Phase Renewable Energy-Based Applications

Muhammad Rizwan Bashir

Thesis: Big Data Management and Analytics Framework for IoT-Enabled Smart Buildings

Vijaya Durga Chemalarri

Thesis: Together: Understanding How Technology Use within Families Shapes Parents' Experiences
- Abhirup Dikshit
Thesis: Advancing Drought Understanding Using Multi-spectral Satellite Derived Products and Reanalysis Data under Climate Change and Extreme Events
- Lin Ding
Thesis: Applying Microfluidics in Industrial Production of Stem Cells
- Yu Dong
Thesis: A Visual Comparative Study on Multivariate Data Analysis
- Anan Du
Thesis: Research on Point Cloud Segmentation and 3D Scene Understanding
- Courage Kwasi Dzaklo
Thesis: Application of Natural and/or Stabilized Breeze Expansive Soil as Sub-Structural Fills for Railway Foundations
- Mohammad Adnan Farooq
Thesis: Sustainable Use of Resilient Base for Slab Track in High Speed Rail Corridor
- Shay Haq
Thesis: Microscale Investigations of Hydromechanical Failures of Granular Soils
- Na He
Thesis: Neural Networks for Music Emotion Recognition and Social Tags Emotion Representation
- Linh Manh Hoang
Thesis: Wireless Interference Mitigation for Emerging Applications and Systems
- Xiangyu Hu
Thesis: Privacy Diffusion in Online Social Media: Reconstruction, Modelling and Blocking
- Congzhentao Huang
Thesis: 3D Human Pose Estimation in Different Environment Settings Using Deep Learning Methods
- Minghong Huang
Thesis: Metal Organic Framework-derived Transition Metal-based Catalysts for Electrochemical Water Splitting and Carbon Dioxide Reduction
- lbrar
Thesis: Theoretical and Experimental Work on Forward Osmosis Process for the Treatment of Landfill Leachate Wastewater
- Jiaxi Jiang
Thesis: Compact and Robust Membrane Bioreactor for Source-separated Urine Resource Recovery for a Circular Economy
