

**Appendix One: Information Released as part of the Access Application
GIPA2013/02**

Information released as part of the Access Application under the government Information (Public Access) Act 2009.

The following information will be included in the UTS Disclosure Log.

During 2012, UTS only held shares in one company that generates revenue from oil, coal, gas or uranium.

- 25,198 shares were held during 2012 in “bhpbilliton”.

UTS does not have any specific criteria for the holding of, or purchase of, shares, as the University does not generally invest in equities. The above mentioned shares were not purchased by the University but were received via a bequest. The shares were sold in early 2013.

Details of the University’s investment procedures are available on the University’s website at <http://www.fsu.uts.edu.au/procedures/investments-procedures.pdf>.
