

# UTS Prize Conditions of Award

## Stanton Coalstad Prize

### Faculty: Science

This document sets out the conditions of award for the below prize ('Prize') and the obligations of recipients ('Recipient') and UTS in regards to this Prize. The administrative processes to support awarding this Prize will be managed, and may be amended, in accordance with UTS Rules, Policy and Procedures.

#### **1. PRIZE NAME: Stanton Coalstad Prize**

#### **2. PURPOSE**

To award the student who attains the highest mark in the subject 68070 Introduction to Materials.

#### **3. VALUE AND BENEFIT**

##### **3.1 Number of Recipients:**

One (1) Recipient will be awarded the Prize per year.

##### **3.2 Benefit/s to Recipient:**

The value of the Prize to the Recipient is \$500, and will comprise a cash award and a book voucher.

##### **3.3 Payment of benefit/s:**

- The Recipient will receive one payment of \$500 by electronic funds transfer to his/her nominated bank account.
- The Recipient will receive a book voucher.
- A certificate of award will be presented to the Recipient at the Science Scholarship and Prize Giving Ceremony.

#### **4. ELIGIBILITY CRITERIA**

The Recipient must:

- be enrolled as a student in a Science degree course in the year for which the award is made.
- receive a result in the subject 68070 Introduction to Materials in the year for which the award is made, and
- not have had any prior results in this subject; and
- the result received must be a minimum of 75/D.

#### **5. RECIPIENT SELECTION CRITERIA, IN PRIORITY ORDER**

- The highest final overall mark for the subject 68070 Introduction to Materials.
- In the event that two or more eligible students have the same highest final mark, the following criteria will be considered:
  - Performance in subject 68070 Introduction to Materials outside of formal assessment that demonstrates mastery of and engagement in the subject;
  - Overall academic performance in the student's award course, including GPA, whether the student has failed other subjects, received academic cautions or had a finding of misconduct made against them.

#### **6. SELECTION**

- The Recipient with the highest final mark will be identified according to the eligibility and recipient selection criteria as provided in clauses 4 and 5;
- In the event that two or more eligible students have the same highest final mark, a selection committee chaired by the Dean (or nominee) together with a minimum of two (2) people will select a recipient based on the specified selection criteria in clause 5;

- The nominated Recipient will then be formally approved or declined by Faculty of Science based upon the selection criteria in clauses 5 and 7.

#### **7. OTHER CONDITIONS**

The Faculty of Science may decline to offer the award to a Recipient who achieves the highest aggregate mark where the mark is less than 75/D.
