

UTS Prize Conditions of Award

Australian Institute of Physics Prize

Faculty: Science

This document sets out the conditions of award for the below prize ('Prize') and the obligations of recipients ('Recipient') and UTS in regards to this Prize. The administrative processes to support awarding this Prize will be managed, and may be amended, in accordance with UTS Rules, Policy and Procedures.

1. PRIZE NAME: Australian Institute of Physics Prize

2. PURPOSE

To recognise and reward the highest achieving graduating student from the Bachelor of Science (Honours) in Applied Physics degree course.

3. VALUE AND BENEFIT

3.1 Number of Recipients:

One (1) Recipient will be awarded the Prize each year.

3.2 Benefit/s to Recipient:

The value of the Prize to the Recipient is \$598, and is comprised of a \$400 cash award and a one-year membership of the Australian Institute of Physics to the value of \$198.

3.3 Payment of benefit/s:

- The Recipient will receive one payment of \$400 by electronic funds transfer to his/her nominated bank account.
- The Recipient will receive a one-year membership of the Australian Institute of Physics, valued at \$198.
- A certificate of award will be presented to the Recipient at the Science Scholarship and Prize Giving Ceremony.

4. ELIGIBILITY CRITERIA

The recipient must:

- graduate from the C09035 Bachelor of Science (Honours) in Applied Physics degree course in the year for which the award is made.
- the final overall result received must be a minimum WAM of 75/D.

5. RECIPIENT SELECTION CRITERIA, IN PRIORITY ORDER

- The highest final overall mark awarded for the C09035 Bachelor of Science (Honours) in Applied Physics degree course.
- In the event that two or more eligible students have the same highest final mark, the following criteria will be considered:
 - Performance in the course outside of formal assessment that demonstrates mastery of and engagement in the Honours program;
 - Overall performance in the student's award course, including whether the student has failed subjects, received academic cautions or had a finding of misconduct made against them.

6. SELECTION

The Recipient with the highest final overall mark will be identified according to the eligibility and recipient selection criteria as provided in clauses 4 and 5;

- In the event that two or more eligible students have the same highest final mark, a selection committee chaired by the Dean (or nominee) together with a minimum of two (2) people will select a recipient based on the specified selection criteria in clause 5;
- The nominated Recipient will then be formally approved or declined by Faculty of Science based upon the selection criteria in clauses 5 and 7.

7. OTHER CONDITIONS

The Faculty of Science may decline to offer the award to a Recipient who achieves the highest overall final mark where the mark is less than 75/D.
